

EMEND Technology and Knowledge Transfer Program

Lead by: Jason Edwards

Theme: EMEND General Overviews

Status: Continuing

Start: 1998

Participants

- Jason Edwards
- Matthew Pyper
- Hugh Seaton
- Kate Wilson

Background

The EMEND Technology and Knowledge Transfer program is geared toward ensuring the knowledge gained through research at EMEND is transferred to all partners and interested parties. A number of initiatives are currently being undertaken to achieve this task. The Boreal Research Institute, NAIT, is currently leading the program
